Thank you for a great program! All of us at American Vascular Access learned a lot and had a great time. Thank you for all your hard work!

I wanted to say that I enjoyed every aspect of this year's meeting and know that your team had an awful lot to do with it! The accommodations and meeting rooms were wonderful, even better than wonderful. The staff was all very helpful and smiley. The room for our session turned out to be great, and the A/V equipment was more than adequate. I have been in attendance at all the ASDIN meetings so I can say that there is a definite difference when a team cares. This was very much in evidence with your group and it made things easy and fun!

It is one thing to have a most successful meeting, but putting it together with such a professional and efficient group – and having fun doing it – is entirely special. Thank you very much for all your hard work. It has not gone unnoticed by us.

The meeting went off flawlessly, and the hotel was wonderfully convenient. I'm amazed that you were able to organize the meeting so quickly.

I want to thank you and the ARG staff for all of your efforts this past week in Salt Lake City. The leadership retreat and meeting were both a resounding success... Your tireless efforts allowed things to appear to run smoothly, even when at times I am sure behind the scenes they were not. ASDIN owes you a debt of gratitude. It is a pleasure to work with each of you. Please convey my thanks to everyone there.
